Serial No.: 10/597,392

Filed: March 16, 2007

For: Demodulator, Chip and Method for Digitally Demodulating an FSK
Signal

Attorney Docket No.: UOM 0327 PUSA

STATEMENT OF SUBSTANCE OF
PERSONAL INTERVIEW

Mail Stop Amendment
Commissioner for Patents
U.S. Patent & Trademark Office
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On March 30, 2010 Applicant Maysam Ghovanloo, Examiner Kevin Burd and the undersigned discussed claim 1 of the above-noted patent application. Participants of the interview also discussed the prior art references to Thompson 2002/0045920; Tajima 2001/0002924 and Young 4,066,841. Applicants' attorney provided an agenda stating a number of key differences between the claimed invention and the previously cited prior art. The agenda was also discussed during the interview. The Examiner made a few suggestions to the language of claim 1.

Since the interview, an Amendment was electronically filed on March 31, 2010. Additionally, an Advisory Action has been issued which has rejected the entering of the Amendment as it raises new issues requiring further consideration and/or search.

It is respectfully submitted that in view of the Amendment, and in the absence of art other than the art already of record, Applicant's attorney respectfully submits the application is in condition for allowance, which allowance is respectfully requested.

Please charge any fees or credit any overpayments as a result of the filing of this paper to our Deposit Account No. 02-3978.

Respectfully submitted,
Maysam Ghovanloo
